ACTIVITY	PLAN START	PLAN DURATION
Literature Review	1	12
Problem statement, scope and limitations, plan of dev.	7	5
Diode selection	11	7
Design requirements and specifications	11	7
Sensor node design	15	10
Order components/sensors	18	7
Testing rig design	25	7
Build testing rig	29	21
Build sensor node	43	7
Test sensor node	50	14
Compare results to PAR sensor	50	14
Sensor calibration	57	14
Results and discussion	67	11
Report writing	71	28
Poster design	94	7
Final presentation	101	1
